Howqua's Mixture

OF 40 Rare Black TEAS, and Mowqua's Small Leaf Gunpowder, in Chinese Catty Half and Quarter Packages.

MESSRS. BROCKSOPP, HOW, & COMPANY, Sole Importers of the genuine Howqua's Mixture, beg to state that, in consequence of the great rise which has taken place in the London market for all description of Teas, a result which followed the late intelligence from the East, *of hostilities having actually commenced between England and China,* and being uncertain when a further supply can arrive in this country—there being no probability of the re-opening of the trade with China, for, at the least, eighteen months—they are compelled to advance the price of their celebrated Teas.

The high estimation in which the above Mixture is now held, and its decided superiority over all other Teas, having been proved and established beyond all question, both by the testimony of the first Tea-Brokers in London, and the immense and increasing demand for it throughout the United Kingdom, render further comment unnecessary.

The genuine HOWQUA'S MIXTURE is a peculiar admixture of the rarest and choicest Black Teas, without any Green whatever, and is distinguished from every other sort by a fine natural aromatic fragrance, combined with great strength and briskness, and is far more nutritious and wholesome than any Tea hitherto offered to the public.

MOWQUA'S SMALL-LEAF GUNPOWDER.—This delicious Green Tea is grown upon one estate only, and possesses a rare and delicate flavour, being, without exception, the finest Green Tea ever produced in China.

CAUTION.—The above Teas can only be had genuine in the original Chinese catty, half catty, and quarter catty packages, and, to prevent fraud or adulteration, are secured with the seals of Howqua and Mowqua, merchants of Canton.

Howqua's Mixture, all Black, is at the rate of 6s. 4½d. per lb.; and Mowqua's Small Leaf Gunpowder at 9s. per lb., being the same price at which they are sold in London. A Chinese catty contains one pound and a third of a pound, being nearly twenty-two ounces English weight.

These Teas are the best, the cheapest, and the most useful of any imported into this country.

The Importers, Brocksopp, How, & Co., 233 and 234, High street, London, have appointed the following Agents for the sale of the above Teas:—

AGENTS BY APPOINTMENT.

CHESTER....THOMAS JONES, Tea Dealer, 120, Northgate-street.

Warrington....S. M. Webster, Medical Hall, Bridge-street.
Holywell....James Edisbury, High-street.

☞ Tea Dealers, Confectioners, Stationers, &c. will be appointed Agents on application, post-paid.

Sir James Murray's Fluid Magnesia.

THIS elegant preparation is now in general use in all cases of bile, acidities, and indigestion, gout and gravel. Dr. James Johnson states in his Review of Dr. MURRAY'S INVENTION—"PELLUCID SOLUTION OF MAGNESIA.—This very useful and elegant preparation we have been trying for some months, as an aperient antacid in dyspeptic complaints, attended with acidity and constipation, and with very great benefit."

To Sir James, Dr. Conquest writes, August 31, 1839:—"Had I known of your right to all the advantages of the Solution of Magnesia, I should not have granted the certificate which Mr. Dinneford has published."

Sir Philip Crampton, Bart. says,—"Sir J. Murray's Fluid Magnesia, is a very valuable addition to our Materia Medica."

Mr. Mayo—"It is by far the best form in which that medicine has been hitherto prepared for use."

Dr. Kennedy, Master of the Lying-in Hospital, Dublin, considers "the Fluid Magnesia of Sir James Murray to be a *very valuable* and *convenient* remedy in cases of irritation or acidity of the stomach, but more particularly during pregnancy, febrile complaints, infantile diseases, or sea sickness."

Dr. S. B. Labatt, Richard Carmichael and J. Kirby, Esqrs., surgeons, of Dublin, "consider the exhibition of Magnesia in Solution to be an *important improvement* on the old method of mechanical mixture, and particularly well adapted to correct those acids which generally prevail in cases of gout, gravel, and heartburn."

Sir James Clarke, Sir A. Cooper, Dr. Bright, and Messrs. Guthrie, and Herbert Mayo, of London, strongly recommend Murray's Fluid Magnesia, as being infinitely more safe and convenient than the solid, and free from the danger attending the constant use of *soda* or *potass.*

Drs. Evory, Kennedy, Beatty, Burke, of the rifle brigade, Comins, deputy inspector of hospitals, and Surgeon Hayden, of Dublin, have given letters to the same effect.

Sir J. Murray has been solicited by the heads of the profession to superintend the NEW PROCESS of this preparation, and has appointed Mr. Bailey, of North street, Wolverhampton, to conduct the commercial department of the business with all agents.

Sold in bottles, 1s., 2s. 6d., 3s. 6d., 5s. 6d., 11s., and also in cases 21s. each, for families, ships, hospitals, and also for economy in dispensing.—The Acidulated Syrup in bottles, 2s. each.

CAUTION.—Sir James's Preparation being imitated by a retail druggist, formerly an agent in London, the public is cautioned that none is genuine that does not bear the name of Sir James Murray in the label.

N.B.—With the Acidulated Syrup the Fluid Magnesia forms the most delightful of saline drinks.

Physicians will please specify MURRAY'S FLUID MAGNESIA in their prescriptions, to avoid the danger of adulterations and substitutions.

BIRKENHEAD.—The Liverpool Town Council, in addition to purchasing the ferry, &c. has also completed other purchases at Tranmere, the outlay for which will be very considerable.

BOROUGH OF LEWES.—In consequence of the death of Sir Charles Blunt, Bart. there is a vacancy in the representation of this borough. General Trevor has started on the Whig interest; and Lord Cantalupe and Sheriff Evans on the Tory interest.

BOROUGH OF RUTHIN.—The following burgesses were duly declared Auditors and Assessors of this borough for the ensuing year.—*Assessors:*—Henry Hughes, Machine Inn, Well-street; Edward Davies, Cross Keys Inn, Well-street.—*Auditors:*—George Owen, M.D. Well-street; Thomas Jones, Anchor Inn, Well-street.

MONKS' FERRY.—On Wednesday, three hundred of the residents at Birkenhead memorialised the Town Council of Liverpool about the stoppage of this ferry, and wished the Council to use its influence to have it re-opened. Mr. Currie said the ferry was stopped because it was illegal; and congratulated the Council on the circumstance, as it held out a good prospect for their own ferry at Birkenhead.

We observe by the London Gazette, that her Majesty the Queen, has been pleased to grant unto THOMAS HODSON PICKERING, of the parish of Acton, in the County Palatine of Chester, Gent., her royal licence and authority, that he and his issue may, in compliance with a clause contained in the last will and testament of Thomas Hodson, late of the City of Chester, and of Christleton, in the said County Palatine deceased, take and henceforth use the surname of Hodson, in lieu of that of Pickering.

And also to command, that the said royal concession and declaration be registered in Her Majesty's College of Arms, otherwise to be void and of none effect.

The will of the late Mr. John Holroyd, of Northumberland-street, Strand, plumber to her Majesty, the public office, &c., was proved in the Prerogative Court, Canterbury, on the 6th instant, and the personal estate sworn under ninety thousand pounds. The deceased many years since saved the life of his late Majesty George the Third, when fired at by Hatfield, the lunatic, at the Theatre.

REGISTRATION OF VOTERS.—Lord Morpeth mentioned in the House of Commons, on Tuesday, that "a plan for amending the Registrations both in England and Scotland was at present under the consideration of the Government." Such a measure is urgently needed; but if it goes to make the registration simpler, surer, and cheaper, it is certain to be opposed by the Tories.—*Leeds Mercury.*

The Earl of Shrewsbury has begun the erection of a new Roman Catholic chapel and school at Alton Towers.

DEATH OF SIR ROBERT STEELE.—Colonel Sir Robert Steele, Knt. K.C.S., Deputy-Lieutenant of Dorset, expired in Paris on the 17th instant.

Lord and Lady Wilton left Grosvenor square, on Thursday, on a visit to the Duke of Wellington to Strathfieldsay.

LOSS OF THE STEAMER BELLE, OF MISSOURI.—AWFUL EXPLOSION OF ONE THOUSAND SIX HUNDRED KEGS OF POWDER.—Again we have to record the loss of another fine steamer; and when we consider the circumstances under which she was destroyed, it appears almost miraculous that a great number of lives were not lost. The following particulars are furnished by the pilot of the steamer Platte:—"The Belle, of Missouri, took fire about eighty miles below St. Louis. She was full of passengers at the time, and the utmost alarm and consternation prevailed. Their terror was in no way diminished when it was ascertained that there were upwards of one thousand six hundred kegs of powder on board. The flames were spreading in every direction, and every moment was pregnant with the most imminent danger. The captain did the only thing he could or should have done—he ran his boat ashore. The passengers, officers, and crew left with the utmost precipitation, glad to leave behind only their property to the flames. One individual was rash enough to venture on board in the hope of saving his baggage. He had no sooner reached the ill-starred steamer when the terrific explosion took place, and doubtless he perished amidst the fragments which were scattered in every direction."—*New York paper.*

HIGHWAY ROBBERY AT SHEFFIELD.—A highway robbery was committed on Tuesday evening last, on the London-road, near to Sheffield, attended with very serious and barbarous circumstances. Mr. George Ward, of Birchett Farm, near Greenhill, was returning home from Sheffield about seven o'clock in the above evening, and had proceeded as far as the toll bar, on the road leading to Greenhill, branching from the London road, when two men advanced from the foot way and seized him by the bridle-rein. They did not speak, but Mr. Ward, to liberate himself, struck the man on the right side several times with his whip, and the man, without uttering a word, then fired a pistol at Mr. Ward, the ball of which passed through the collar of his top-coat, slightly grazed his right cheek near the ear, and perforated his hat brim, providentially without doing any further injury. The shot however had not the effect intended, the assailants proceeded to drag Mr. Ward from his horse; but he begged they would not do so, and was then allowed to dismount. A third man having presented another pistol, declared that if he made any resistance, he would, without hesitation, instantly deprive him of life, and they then robbed Mr. Ward of money to the amount of £3, and immediately decamped. The horse which Mr. Ward rode galloped off when its rider was unseated, but it was stopped at Greenhill, only a hundred yards from the spot where the report of the pistol had been distinctly heard. Several persons were after a-me delay, ran in the direction from whence the alarm proceeded, but unfortunately they were too late to capture the villains, who have not yet been apprehended, although there is every reason to hope that Mr. Ward will have no difficulty in proving their identity.
